

Meet the Teacher

About Me

I am so excited to be your child's teacher this year! I am starting my 9th year as a teacher. I can assure you that your precious child is in the best care and we are going to have such an exciting year together filled with lots of learning, fun, and love!

I graduated from Lindale High School and received my bachelors degree from Stephen F. Austin in Child Development. I am currently a graduate student at Lamar University pursuing a masters degree in counseling.
